Lab: Work with Compute

Note: This lab requires an Azure subscription. If you have not already done so, redeem your Azure Pass code to get set up with an Azure subscription.

In this lab, you will work with environments and compute targets.

Instructions

You can complete this lab on your own computer, or a hosted lab environment may be available in your class - check with your instructor.

1. Open the lab instructions at <https://aka.ms/mslearn-dp100>.
2. If you have not already done so, complete the **Create an Azure Machine Learning Workspace** exercise.
3. Complete the **Work with compute** exercise.
